Authorization operation is about to be performed

- Confirm "Approve" means allowing a third party (individual or contract) to transfer your assets without notice.
- "Approve Amount" represents the maximum number of tokens that can be controlled by an authorized address.
- Any approval operation has security risks. Please do not approve an unverified address, especially applications that claim to obtain airdrops and rebates through transfer. Click here to learn more about fraud cases.
- The service you are accessing belongs to a third-party service and has no direct relationship with Token Pocket.
